

HGS-410
USERS'MANUAL

PRODUCT SPECIFICATION

MODEL	HGS-410
input voltage	220-240V
rated power	1555-1850W
max steam rate	36g/min
steam last period	55min
tank capacity	2.0L
steam temperature	90°C

CLEANING AND STORAGE

- We recommend you follow this procedure at least once per week.
1. Turn the switch to "0" position.
 2. Unplug the cord from the power outlet.
 3. Allow the steamer to cool for at least 20 minutes.
 4. Remove the hose and attach the extension tube, then set them aside.
 5. Remove and drain the water tank. Rinse the water tank with clean water, and drain completely. Press the water fill tank back on the water reservoir.
 6. Clean the steamer by removing the clean plug and wiping the contacts.
 7. Flush the unit by filling the water reservoir and the hose connector with fresh water and draining completely.
 8. Store in a cool, dry place.

18. No detergent can be added into the water tank or it will cause damage. Distilled or de-ionized water is recommended.

C. How to iron clothes

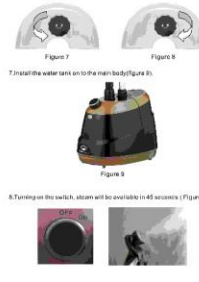

1. The high temperature steam can soften the garment fibers. It's very difficult to iron the garment smoothly if only depends on the steam which the nozzle emits. The clothes hang on the clothes hanger and pull the bottom of the garment to the top of the garment. The top part of garment deformation is fixed and pull the bottom of garment with the hand, make the garment surface as smooth as possible.
 2. Close steam. The steam nozzle on the garment, across the nozzle gently. Move from the middle to the bottom to the top of the garment. Push the bottom four and pull the top to high temperature steam.
 3. Check and tighten the top of garment when steaming the bottom. Steep a side to make vertically, from the bottom to top of the garment. Be careful! Do not steam from steam nozzle.
 4. Press downward for a longer time on the garment collar hanging with outside when steaming. Steam 3 back and forth from the bottom to the top.
 5. To tighten the garment collar when steaming, press for a longer time on the collar hanging with inside. Steam 3 back and forth from the bottom to the top.
 6. Check the back of garment after ironing the front.
- D. How to use the brush or trousers clip**
1. When you want to iron the clothes using the steamer with brush clip assembly the brush is on the
 2. When you want to iron the clothes using the steamer with trousers clip assembly the trousers clip is below

APPLICABLE PLACE

Home - clothes shop, hotel and washing shop.

PROBLEM	REASON	SOLUTION
Doesn't iron	Doesn't use steam	Plug into electrical outlet
Doesn't iron properly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron smoothly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron quickly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron evenly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron completely	Doesn't use steam properly	Check the steam nozzle
Doesn't iron thoroughly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron completely	Doesn't use steam properly	Check the steam nozzle
Doesn't iron thoroughly	Doesn't use steam properly	Check the steam nozzle
Doesn't iron completely	Doesn't use steam properly	Check the steam nozzle
Doesn't iron thoroughly	Doesn't use steam properly	Check the steam nozzle
